THREATENS TO RESIGN

BILL FOR ORGANIZATION OF A
GENERAL STAFF CRITICISED
BY MILES.

AN INTERESTING QUESTION

Has the Senior General of the Army
Exposed Himself to Disciplinary
Treatment?—Secretary Root De-
clines to Express Any Opinion or
the Subject, for the Present at
Least.

Washington, March 21.—The news
of General Miles' statements before
the military committee of the senate
in which the general severely criticised
the bill introduced by Senator Haw-
ley at the instance of the war depart-
ment for the organization of a general
staff for the army, and threatened to
resign his commission if the measure
became a law, excited great interest
at the war department when it be-
came known there. There was a very
general inquiry as to whether by pass-
ing the criticisms upon various of-
ficials, as reported in the press, Gen-
eral Miles had not exposed himself to
disciplinary treatment.

The answer to this must be based
on the exact amount of privilege
which attaches to testimony given
before a committee of congress. This
question arose last week in the course
of General Hughes' testimony before
the senate Philippine committee, when
the general sought to escape answer-
ing questions which would involve
criticism by him of his superior of-
ficer, General Otis. It appeared that
there was a variance of opinion in the
committee itself as to how far Gen-
eral Hughes was at liberty to violate
army rules and proprieties, even in an-
swer to committee questions, and the
question itself was left unsettled.

While General Miles did not expect
when he gave his testimony that it
would be made public in any form,
he is now willing that it shall be pub-
lished by the committee, making him-
self the broad statement that the state-
ments which were given to the press,
as those made by himself before the
committee were misrepresentations to-
tally unwarranted.

Secretary Root exhibited little feel-
ing when his attention was called to
the proceedings before the committee.
He remarked quietly that he was very
sorry Lieutenant General Miles op-
posed this bill. He pointed out that un-
der section 7 of which General Miles
complained, the lieutenant general
would have greatly enlarged powers in
army management, instead of being
restricted in his functions as he sup-
posed. As to the question whether
General Miles had said anything which
would require action at the hands of
the department or the president, the
secretary firmly declined to express
any opinion, for the present at least,
preferring to await an official copy of
the committee hearing before reach-
ing any decision.

BURLESON WANTS TO KNOW.
Introduces a Resolution of Inquiry in
the House.

Washington, March 21.—Representa-
tive Burleson of Texas, has introduced
in the house the following resolution
of inquiry:

"Resolved, That the president be,
and he hereby is, respectfully request-
ed, if the same is not incompatible
with the public interests, to transmit
to the house copies of all correspon-
dence relating to, and papers bearing
upon the matter of the recent request
of Lieutenant General Miles to be
assigned to duty in the Philippines,
and to be allowed to put into effect
there a plan outlined by him having
for its purpose and being calculated
to bring about an immediate cessation
of hostilities in said Philippines with
out further loss of life on either side."

FRAUD ON BOTH SIDES.

Recommended That Butler's Seat in
the House Be Declared Vacant.

Washington, March 21.—In the con-
tested election case of William H. Hor-
ton v. James J. Butler, from the
Twelfth Missouri district, the Repub-
lican members of election committee
No. 1 have decided to recommend that
the seat be declared vacant.

The decision to declare the seat va-
cant followed exhaustive hearings by
the committee. Members of the com-
mittee say this disclosed that the reg-
istry lists contained about 14,000
names which could not be located at
the places and residence designated
nor were these names in the last cen-
sus returns nor in the city directory
of St. Louis. The committee found
that about 9,500 of these doubtful
names appeared in the voting lists, of
which it is estimated that Butler re-
ceived about 7,000 and Horton about
2,500. In view of these facts the Re-
publican members decided to declare
the seat vacant.

Extension on Warships Granted.

Washington, March 21.—The navy
department has granted an extension
of six months to the contract time al-
lowed for the completion of the moni-
tor Nevada, building at Bath, on ac-
count of delays in the delivery of ma-
terial. It has granted an extension of
nine months in the case of the monitor
Wyoming, on account of the strike at
the Union Ironworks, San Francisco.

PYTHIANS AT CHICAGO.

Fifty Thousand Members of the Order
in Attendance.

Chicago, March 21.—Knighthood
flowered in Chicago with all the pomp
and panoply that mark the brother-
hood of chivalry and secret vows. It
was the day that had been set apart
as one of jubilee for all Knights of
Pythias in the supreme domain and
50,000 members of the order were in
attendance.

They poured into the city from dawn
until dusk, adorned with badges or
resplendent with trappings of gold
lace, plumes and swords. Prodigious
handshakes and cheery greetings, they
thronged the corridors of every ap-
pointed rendezvous, marched through
the streets behind a score of bands
and finally assembled at the Coliseum
in such numbers that thousands were
turned away. Those that were barred
from the hall of conclave gathered else-
where.

All supreme and grand officers who
had been able to reach town in time,
were entertained at luncheon by Grand
Chancellor Charles F. Cushman, in the
Grand Central hotel. In the evening
there was a parade of many lodges,
the marching route lying between the
Masonic Temple and the Coliseum.

The formal programme of exercises
at the Coliseum began with the ritual-
istic bestowal of new honors upon the
candidate of the Milwaukee lodge
team, Governor LaFollette, who was es-
corted into the crowded hall amid
cheers. These rites were followed by
music and addresses.

FOR STEALING CHICKENS.

White Men Kill Two Negroes and Hor-
ribly Beat Three Others.

Paducah, Ky., March 21.—Great ex-
citement prevails at Madrid Bend, Ky.,
40 miles below Hickman on the Ten-
nessee line. Two negroes were killed
by white men and three horribly
beaten. The negroes were charged with
stealing chickens and were attacked by
whites, being driven into the Missis-
sippi river and shot dead. The body
floated to shore and the white men
made another negro tie a rope around
the neck and pull him out to deep wa-
ter.

The white men then attacked four
other negroes living in the neighbor-
hood, who it is claimed were implicat-
ed. The negroes showed fight and in
the melee that followed Jim Stewart
(colored) was shot and instantly kill-
ed. The other three negroes whose
names are not known were then al-
most beaten to death. There is much
fear of further trouble and the law-
abiding citizens have asked the gov-
ernor to offer a reward for the appre-
hension and punishment of the mur-
derers.

WIRELESS TELEPHONY.

Partially Successful Trial Takes Place
Near Washington.

Washington, March 21.—A practical
test of wireless telephony over a dis-
tance of a third of a mile was con-
ducted on the Potomac river just above
this city with partial success. Small
instruments were used. A wire was
grounded on the shore and wires from
a small boat stationed a third of a mile
across the water were dropped over
the stern. With the instruments in
operation, those who participated in
the tests announced that they recog-
nized the sound of a harmonica, though
it was partially indistinct, and also
heard human voices engaged in
counting at the other end. Similar
experiments overland were conducted
with more satisfactory results. The
tests were made under the direction
of Nathaniel Stubblefield of Lexing-
ton, Ky.

Government Asks Injunctions Against
Six Chicago Roads.

Chicago, March 21.—Petitions for
injunctions have been filed here in
the United States circuit court by United
States District Attorney S. H.
Bethae, against six of the railway com-
panies centering in Chicago, charging
them with infractions of the interstate
commerce law in regard to rate cut-
ting. The defendants are the Michi-
gan Central, Illinois Central, Penn-
sylvania, Pittsburg, Cincinnati and St.
Louis, Lake Shore, and the Chicago
and Northwestern roads. Other bills
will be filed against roads centering
here as soon as they can be prepared
and every road against which evidence
has been obtained will be included.

The petitions will be heard by Judge
Peter S. Grosscup some time during
next week. If the government, re-
presented by former Judge W. A. Day
maintains its present attitude, the
railroads are likely to oppose deter-
minedly the granting of injunctions.
General counsel acting on behalf of
their roads and other Western roads,
visited Mr. Day and United States Dis-
trict Attorney Bethae with a view to
ascertain just what railroads would be
sued, and how far the government pro-
posed proceeding. One purpose of the
visit was to try to induce the govern-
ment to include all railroads centering
in Kansas City and Chicago. It was
urged that by so doing the situation
would be placed within the grasp of

the government, whereas this would
not be accomplished by proceeding
against only a part of the roads. It
was intimated that the suits would be
vigorously defended unless such ac-
tion was taken.

Although absolutely nothing has
been said by any representative of
the government that would warrant
the statement, nevertheless the opin-
ion exists generally that if a bitter
fight is made against the injunctive
proceedings the government will insti-
tute criminal proceedings against all
violators of the law, including pack-
ing house representatives.

General Smith Ordered Home.

Washington, March 21.—An order
has been issued relieving Brigadier
General Jacob H. Smith from further
duty in the division of the Philippines
and directing him to proceed to San
Antonio, Tex., to assume command of
the department of Texas. General
Smith is in command of the American
troops which are conducting such a
vigorous campaign in the island of
Samar.

Turkey Warned to Keep Order.

London, March 21.—In a dispatch
from Vienna the correspondent of The
Daily Chronicle says that Great Brit-
tain, Austria and Russia have address-
ed a note to Turkey admonishing the
porte to keep order in Macedonia and
Albania. Germany, says the corre-
spondent, declined to join in this note.

them with infractions of the interstate
commerce law in regard to rate cut-
ting. The defendants are the Michi-
gan Central, Illinois Central, Penn-
sylvania, Pittsburg, Cincinnati and St.
Louis, Lake Shore, and the Chicago
and Northwestern roads. Other bills
will be filed against roads centering
here as soon as they can be prepared
and every road against which evidence
has been obtained will be included.

The petitions will be heard by Judge
Peter S. Grosscup some time during
next week. If the government, re-
presented by former Judge W. A. Day
maintains its present attitude, the
railroads are likely to oppose deter-
minedly the granting of injunctions.
General counsel acting on behalf of
their roads and other Western roads,
visited Mr. Day and United States Dis-
trict Attorney Bethes with a view to
ascertain just what railroads would be
sued, and how far the government pro-
posed proceeding. One purpose of the
visit was to try to induce the govern-
ment to include all railroads centering
in Kansas City and Chicago. It was
urged that by so doing the situation
would be placed within the grasp of

the government, whereas this would
not be accomplished by proceeding
against only a part of the roads. It
was intimated that the suits would
be vigorously defended unless such ac-
tion was taken.

Although absolutely nothing has
been said by any representative of
the government that would warrant
the statement, nevertheless the opin-
ion exists generally that if a bitter
fight is made against the injunctive
proceedings the government will insti-
tute criminal proceedings against all
violators of the law, including pack-
ing house representatives.

MADE SLOW PROGRESS.

House Disposes of but Thirty Pages of River and Harbor Bill.

Washington, March 21.—The house made very slow progress on the river and harbor bill, disposing of only 30 pages and leaving 50 pages still to be considered. The river and harbor committee again succeeded in defeating every amendment offered. Mr. Bellamy of North Carolina, during the day took occasion to denounce the Crumpacker proposition to investigate Southern election laws as designed to stir up sectional strife. He appealed to the conservative Republicans to defeat the regulations.

DOING A LAND OFFICE BUSINESS.

Baker Orphanage Said to Have Thirty Solicitors Out in the State Collecting Great Wads of Money.

According to a list now in the hands of certain state authorities the Baker "Orphanage" at Duluth has thirty solicitors touring Minnesota, collecting as high as \$200 a day for that little institution out on London road that could be conducted on a little over \$200 a year.

What the state authorities will do with the information obtained is problematical, but there is some talk of another investigation. This talk comes from St. Paul, and Duluth people that know what a dismal failure the first investigation was, are not inclined to take it seriously.

The police have just about given up hope of closing up the "orphanage" and is confining its efforts strictly to exposing the scheme to the many people that write here asking information regarding the institution.

Last week the solicitors invaded the iron range town and it is said they were less successful than they have been in the southern part of the state, owing to the publicity given the Bakers in this part of the state.

Mrs. Mueller, the solicitor that fought Chief Troyer a draw over the long distance telephone recently, was at Hibbing and Virginia. In the former place she is said to have been very successful, but in Virginia the chief of police interfered.

Mrs. Mueller also met Humane Officer Withrow in Virginia and the things she said to him about his opposition to the "cause" caused considerable excitement in town.

THE FITZJOHN PORTER CASE.

Sequel Comes Before the House Committee on Military Affairs.

Washington, March 21.—A sequel to the famous Fitzjohn Porter case came before the house committee on military affairs, when a hearing was given on the bill authorizing the secretary of war to compute the amount of pay and allowances of the general during the period of his enforced retirement from the army and making appropriations of the amount to his widow and children. The hearing was attended by several of General Porter's old comrades in arms and by his daughter and sons. When at the instance of General Grant an army board passed upon the case of General Porter, the recommendation was made that he be restored to rank and pay. Acting on this, congress, in 1886, restored the general to his rank, but there was no restoration of the pay during the long period that he was out of the army. It was stated at the hearing that the present measure is a simple act of justice to the family who had suffered along with the general during the 23 years he was in retirement. In this case, it was stated, General Porter had given most of his time and means to clearing his good name, being unable to make provision for the future of himself family.

FEW NEW POINTS RAISED.

Senate Still Discussing Bill for the Protection of the President.

Washington, March 21.—Throughout the day's session of the senate the bill providing for the protection of the president of the United States was under discussion.

The speakers during the day were Messrs. Pettus (Ala.), Hawley (Conn.), and Nelson (Minn.) in support of the bill, and Messrs. Rawlins (Utah), McCumber (N. D.), Mallory (Fla.), Carmack (Tenn.) and Money and Mc Laurin (Miss.) in opposition to it. The speeches in the main were a reinforcement of arguments that have been advanced heretofore, few new points being raised. The principal point made by the opponents of the measure was that federal officials ought to be treated in the courts precisely as are other citizens.

FLOOD ON THE PENOBSCOT.

City of Bangor, Me., Is Threatened With Inundation.

Bangor, Me., March 21.—The flood disaster which has long been feared on the Penobscot, came during the night, when a great mass of ice and logs swept down against the Maine Central railroad bridge, carrying out its middle pier and letting two spans into the river. The mass swept on against the middle span. Basements of stores in the business section were flooded and goods worth thousands of dollars were ruined.

There is a stretch of solid and broken ice below the city extending six miles to Hampden. Should it hold where it is and the upper jam come down upon it, fully half of Bangor's business area would be under water.

Protest Will Have No Effect.

Berlin, March 21.—Referring to a dispatch received here from Washington, in which it was said that meat packers in the United States had petitioned the state department to prohibit the exclusion by Germany of meats prepared with borax, the Vossische Zeitung remarks that the German government knew what it was doing when it forbade the introduction of meat thus prepared, and that hence any protest from Washington would be without effect.

THE GROCERY DEAL HAS BEEN CLOSED

J. F. McGinnis Goes to Duluth and
Makes Arrangement for
Transfer of Stock.

A GOOD DEAL OF HORSE PLAY.

Stone-Ordean-Wells Company Sell
Stock and Business to Cleary
McGinnis & Hemstead.

J. F. McGinnis, of the firm of Cleary, McGinnis & Hemstead, wholesale grocers in this city, left yesterday for Duluth and it is learned that his mission there was to interview the firm of Stone-Ordean-Wells & Co., with a view to closing the deal for the purchase in this city of the latter's stock of groceries.

Information comes from a rather authentic source this morning that Mr. McGinnis succeeded in closing the deal and that the firm will take the stock about the first of the month.

The Stone-Ordean-Wells Company will go out of business in this city so far as the local branch is concerned.

From the many reports that have been going the rounds the last week or two the latest developments seem to be of a very odd character from an outsiders point of view. When the matter was first reported all hands started in to deny any such intention, and to cap the climax General Manager Rust, of the Stone-Ordean-Wells Company, came down to Brainerd, and, besides giving it out for publication that there was no truth to the rumor of a sale, that his firm was here to stay and would proceed at once to have the proposed building erected, he went to many of the merchants of the city and gave them personal assurance of this fact.

It is understood that the company made satisfactory overtures to J. S. Gardner so that he will not build an addition to his building for the present.

The firm of Cleary, McGinnis & Hemstead is thus left with a clear field and they expect to improve the opportunity by making further extensive improvements in their plant.

Plans are already being prepared by the firm for the erection of a large addition to their warehouse for cold storage purposes. They will go into the wholesale fruit business on a large scale and will have a building erected especially for the purpose, which will be convenient for three or more cars of fruit.

WORKED HOSTESS IN SMOOTH MANNER

Mrs. Wilson Has Experience with
A House Thief that Beats
The World.

HAS GONE FOR A DETECTIVE.

Young Man who Sought Admis-
sion to Her Home Gave Name
As D. Watson.

About as smooth a bunco steerer whose visage made its appearance in the form of a wolf in sheep's clothing, showed up at the home of Mrs. Moore Wilson residing in the mill district of the city, and so well laid were the plans that two weeks nearly have transpired before she really woke up to the facts.

About two weeks ago an astute young man happened along and asked her if he could not make arrangements to board with her; that he was interested with numerous gentlemen, who were investors and brokers in the city looking up city property, and that as he was somewhat addicted to drink and wanted to refrain and be a "good boy", he felt that to take a place in a good family somewhere out of their reach would be serving his purpose admirably. Mrs. Wilson's philanthropic spirit showed itself and she took him in. He had been there but a few days when he began to inquire of young Chris Wilson if his mother ever kept money in the house, and young Wilson, innocent as he was, told him that she did and designated his mother's place of keeping.

A few nights after, along toward morning a noise awakened Mrs. Wilson and she cried out to find out what was the matter. The young man leaped out of bed and claimed that he had been robbed of \$50 and some valuable papers belonging to his father. It was seen by Mrs. Wilson that her trunk had been rifled and upon investigation she found that her pocket book with all the money she had left, \$17, had also been taken.

The next morning the young man wore a dejected look and he began to think of some remedy for this "bold holdup". He finally admonished Mrs. Wilson and her boy to keep very quiet about the matter; that he would investigate and after reaching Minneapolis would send a detective up to work on the case. Mrs. Wilson of course believed him and for nearly two weeks has been waiting in vain, no letter came, and she has just now realized how she had been worked.

The young man was about 19 or 20 years of age, dressed in the latest style and wore the very latest hat, gloves, etc., and he gave his name as D. Watson, claiming that his mother lived in this city. It is known that he also called on Chas. Ahrens but it is understood that he did not work him.

MUSIC AND DRAMA.

RICHARD GOLDEN IN "OLD JED PROUTY."

It is seldom in these days, when plays are written for special occasions and special people, that one has the privilege of seeing a really good play, well mounted and well equipped in the way of actors and scenic effects. Such an opportunity will occur tomorrow night, when Richard Golden's "Old Jed Prouty" will appear at the Brainerd Opera House. This is the most finished of the dramatic productions of the decade. The most careful attention has been given by Mr. Golden to the most minute detail of the stage craft, and always the good work of the playwright is ably sustained by the ladies and gentlemen of the cast. Richard Golden did not know how well he builded when he gave the world "Old Jed Prouty." He aims to present a rural comedy, faithfully portraying a class fast becoming extinct—a simple, honest-minded countryman. So natural did he make his creation that the theatre-going people recognized the grandeur in the Maine tavern-keeper, and paid it the tribute of greatness. Aside from the comedy portion of the play, there is dignity in the assumption that forbids the impression that he is a buffoon.

"WHOSE BABY ARE YOU."

There will be merry doings at the Brainerd Opera House on next Monday evening, when Myron B. Rice will present Mark E. Swan's latest farce, "Whose Baby are You?" with a specially selected cast of farceurs headed by those clever comedians, Miss May Vokes and Chas. W. Bowser. It is said to be all fun, frolic and hilarity from start to finish. The plot is as complicated and diverting as a Chinese puzzle. It all revolves around a baby and this particular baby is said to be a corker. The scenes are laid in an artists studio, where a group of erratic characters get into all sorts of amusing complications. The piece is so dexterously constructed that it is a veritable tangle of ludicrous mistakes, where a group of eccentric characters are perpetually playing at cross purposes with the result that at the end of the second act everything is topsy turvy and the most side-splitting situations and amusing complications ensue. It requires the pen of a genius to unravel the tangled skein in this funny fabric of farce—all caused by the presence of an innocent baby in a studio of a somewhat rapid young artist where it is found by his mischievous college chums.

The Vice of Nagging

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. McFadden Drug Co. and H. P. Dunn & Co. guarantee satisfaction.

MUSIC AND DRAMA.

RICHARD GOLDEN IN "OLD JED PROUTY."

It is seldom in these days, when plays are written for special occasions and special people, that one has the privilege of seeing a really good play, well mounted and well equipped in the way of actors and scenic effects. Such an opportunity will occur tomorrow night, when Richard Golden's "Old Jed Prouty" will appear at the Brainerd Opera House. This is the most finished of the dramatic productions of the decade. The most careful attention has been given by Mr. Golden to the most minute detail of the stage craft, and always the good work of the playwright is ably sustained by the ladies and gentlemen of the cast. Richard Golden did not know how well he builded when he gave the world "Old Jed Prouty." He aims to present a rural comedy, faithfully portraying a class fast becoming extinct—a simple, honest-minded countryman. So natural did he make his creation that the theatre-going people recognized the grandeur in the Maine tavern-keeper, and paid it the tribute of greatness. Aside from the comedy portion of the play, there is dignity in the assumption that forbids the impression that he is a buffoon.

"WHOSE BABY ARE YOU."

There will be merry doings at the Brainerd Opera House on next Monday evening, when Myron B. Riee will present Mark E. Swan's latest farce, "Whose Baby are You?" with a specially selected cast of farceurs headed by those clever comedians, Miss May Vokes and Chas. W. Bowser. It is said to be all fun, frolic and hilarity from start to finish. The plot is as complicated and diverting as a Chinese puzzle. It all revolves around a baby and this particular baby is said to be a corker. The scenes are laid in an artists studio, where a group of erratic characters get into all sorts of amusing complications. The piece is so dexterously constructed that it is a veritable tangle of ludicrous mistakes, where a group of eccentric characters are perpetually playing at cross purposes with the result that at the end of the second act everything is topsy turvy and the most side-splitting situations and amusing complications ensue. It requires the pen of a genius to unravel the tangled skein in this funny fabric of farce—all caused by the presence of an innocent baby in a studio of a somewhat rapid young artist where it is found by his mischievous college chums.

BEGINS TO TAKE FORM

REVOLUTION IN VENEZUELA IS
ASSUMING A DEFINITE
SHAPE.

IT IS CRITICAL FOR CASTRO

Towns of Carupano and Barcelona being
Besieged and Tucacas is to be
Attacked by Land and Sea—Gov-
ernment Fleet in Poor Shape—Fi-
nancial State of the Country as Bad
as Her Political Situation.

Willemstad, Island of Curacao, March
21.—The Venezuelan revolution head-
ed by General Matos, seems to be tak-
ing form. Eight hundred revolution-
ists under General Penaloza, are be-
sieging Carupano (a seaport town in
the state of Bermudez), and the revolu-
tionists under General Monagas have
surrounded Barcelona, the capital of
the state of Bermudez.

General Velutini, the Venezuelan
minister of the interior has been dis-
patched on a special mission to Bar-
celona, but, it is said that he will ar-
rive there too late.

General Riera, who escaped the pur-
suit of the Venezuelan government
troops near Cumarebo, in the state of
Falcon, is marching in the direction
of Tucacas, a seaport town in the state
of Lara, which place is to be attacked
by the revolutionary steamer Bolivar,
also known as the Libertador.

The Venezuelan government is send-
ing troops to El Haca, to intercept
General Riera and prevent the junc-
tion of his troops with the revolution-
ists in the Barquisimeto district.

It is reported that General Rolando
has landed at Maturin, in the state of
Bermudez.

The revolutionists have cut the ca-
ble to Barcelona, and consequently,
the Venezuelan government is with-
out news from Carupano.

The situation is said to be critical for
President Castro.

The Venezuelan fleet is not in con-
dition to pursue the Bolivar and the
plans of President Castro to capture
her have failed.

The Bolivar was at Piritu, state of
Bermudez, March 12, and during the
night of March 13 she was off this is-
land and March 14 she was off Coro.
In the state of Falcon, General Stur-
be, the president of the state of Gu-
nare, has been with his staff taken
prisoner by the revolutionists under
General Solagui.

The financial state of affairs in Ven-
ezuela is as bad as the political situ-
ation in that country. The government
clerks have not paid for six months
and coffee is unsalable.

LIE PASSED IN COMMONS.

Dillon Attacks Chamberlain and is
Suspended.

London, March 21.—John Dillon,
Irish Nationalist, was suspended in
the house of commons for calling the
colonial secretary, Joseph Chamber-
lain, a "liar."

In the course of a discussion be-
tween Sir Henry Campbell-Bannerman,
the Liberal leader, and Joseph Cham-
berlain, the colonial secretary, Mr.
Chamberlain referred to the Boers
who were fighting on the British side,
when Mr. Dillon interjected: "They
are traitors."

To this Mr. Chamberlain retorted:
"The honorable gentleman is a good
judge of traitors."

A scene of great confusion ensued.
When order was partially restored Mr.
Dillon demanded a ruling on Mr.
Chamberlain's words.

The speaker deprecated the remarks
of both gentlemen, whereupon Mr. Dil-
lon said: "I will tell the right hon-
orable member that he is a liar."

Mr. Dillon refused to withdraw his
words and, on motion of Mr. Balfour,
he was suspended from the service of
the house.

BOERS IN GOOD SHAPE.

Are Reported Well Supplied With
Guns and Ammunition.

London, March 21.—A dispatch to
The Times from Klerksdorp, Trans-
vaal, says that the Boers in the West-
ern Transvaal are well supplied with
guns and ammunition and have unlim-
ited support and a large amount of
stock, that their numbers give them
confidence whilst the blockhouse sys-
tem has not yet been extended enough
to alarm them.

What is possible has been done,
continues the correspondent, but owing
to insufficiency of troops, the British
columns have been too small to
cope adequately with the Boer forces,
which are all composed of fighting
men without any intention of surren-
dering.

GENEROUSLY TREATED.

Colombian Liberals Release Fifty Pr-
isoners of War.

Panama, Colombia, March 21.—Some
officers and soldiers, remnants of the
government forces engaged recently
at Agua Dulce, and who were taken
prisoners by the revolutionists, have
arrived here. They report having been
generously treated by the revolution-
ary leader, General Herrera, and that
the revolutionists have proceeded in the
direction of Chiriqui.

Government reinforcements from the
department of Bolivar have reached
Colon on a steamer of the French line.
Reports favorable to the national gov-
ernment have been received from the
department of Bolivar.

Mechanics Warned to Keep Away.

Everett, Wash., March 21.—The Ev-
erett trades council has authorized the
publication of a trade letter for East-
ern circulation among mechanics ad-
vising them to keep away from Puget
Sound cities unless they come with
money. The letter says that advertis-
ing matter sent out is "false and mis-
leading in character and would flood
the Puget Sound districts with idle
men if not counteracted."

DEMANDS OF MINERS.

Resolutions Passed by the Anthracite
Workers at Shamokin, Pa.

Shamokin, Pa., March 21.—The most
important feature of the day's ses-
sion of the convention of districts Nos.
1, 7 and 9, United Mine Workers of
America, was the adoption of several
resolutions. These were the result of
various alleged grievances announced
in the convention by the different de-
legations and were presented by the
committee on resolutions. Most of
them were of sectional, rather than
general interest, but their tone was
not the less emphatic. The first res-
olution adopted demanded an eight-
hour working day in all the collieries
of the anthracite region. Others were
adopted as follows: Demanding the
recognition of mine committees by
operators in the adjustment of dis-
putes resulting in local strikes; de-
claring opposition to working with
men not members of the mine work-
ers' union; favoring arbitration of
trade disputes; condemning the action
of the Delaware and Hudson Railway
company for changing the conditions
of employment at Plymouth which re-
sulted in a reduction of wages and vio-
lation of contract; demanding the re-
instatement of the firemen discharged by
the Delaware, Lackawanna and
Western Railroad company at the
Woodward, Avondale and Pettebone
collieries, who refused to comply with
the company's order requiring them
to work on what is known as the
"swing shift" system; providing for
a systematic examination of working
conditions; requesting the state bureau of
mines and mining to print not less
than 25,000 copies of the mining laws
in the English language for distribu-
tion among the mine workers; con-
demning the system of blacklisting by
companies of discharged employees.

BATTLE IN A COLLEGE.

Three Hundred "Dentals" and "Med-
ics" Join in Fray.

Omaha, Neb., March 21.—Three
hundred students of the Omaha Medi-
cal and Dental college engaged in a
pitched battle for three hours during
morning. The fight began in a lecture
room where the freshmen were wait-
ing for a lecture by Dr. Rice and in a
short time every student in the build-
ing had joined in the fray.

When the smoke cleared away there
was scarcely a whole piece of furni-
ture in the room. Many heads were
injured, and blood was flowing from
many a face. The fight was the out-
come of a long standing feud between
the "dentals" and the "medics."

Michigan Delegation to Stand Pat.

Washington, March 21.—The Repub-
lican members of the Michigan dele-
gation in the house held an informal
conference and agreed to maintain the
position they have occupied for some
time in opposition to a reduction of
duties for Cuban goods. There are 12
members of the delegation, all of
whom are understood to concur in this
determination. Chairman Payne was ad-
vised after the meeting of the deter-
mination reached.

Claims the Tablets Were Purchased.

Washington, March 21.—The treas-
ury department has called upon the
customs officials at San Francisco for
report on the seizure of Chinese table-
ts in that city from a soldier who had
returned from the East. It has
been alleged that the tablets were taken
from the imperial apartments dur-
ing the looting of Peking by the for-
eign troops. The soldier claims to
have bought them from another soldier
who found them in an ash barrel.

DESERT TO THE ENEMY

ALARMING REPORTS ARE RECEIV-
ED REGARDING CHINA'S RE-
BELLION.

MARSHAL SU'S ENTIRE ARMY

Twenty Thousand Foreign Armed and
Drilled Troops Have Joined the Reb-
els—Are Capable of Defeating Any
Force the Imperial Government May
Raise—Uprising Similar to That
of the Taipings Probable.

Hong Kong, March 21.—Advices
from Canton say it is credibly re-
ported there that the viceroy has received
telegrams from Lung Chin on the
Annam border alleging that the whole
of Marshal Su's troops have deserted
and joined the rebels.

If this be true, say the advices, it
adds to the revolutionists 20,000 for-
eign armed and drilled troops, capable
of defeating any force the imperialists
can raise.

Well informed persons consider a re-
bellion similar to that of the Taipings
probable.

INSURRECTION IS DYING.

Personal Letter From Acting Govern-
or Wright of the Philippines.

Washington, March 21.—Judge
Wright, acting civil governor of the
Philippines, has written a personal let-
ter to General Marcus J. Wright of
this city which gives an interesting
insight into the condition of affairs in
the Philippines.

"We are so far removed from the
United States," says Governor Wright,
"that I fear the people at home get
rather an inadequate idea of the situ-
ation here. The press reports of the
last month or more, which have reach-
ed us here, together with the com-
ments thereon, seem to indicate that
the general opinion is that the whole
islands are either blazing with insur-
rection, or else that outbreaks are pre-
vented only by the use of troops on an
extensive scale. This is wholly mis-
leading. The real truth is that in 95
per cent of the territory of the islands
there is no insurrection, and Ameri-
cans go about singly and unarmed
with about as much safety as they
would in a large majority of the states
at home. There is a fast-dying insur-
rection in two provinces of the great
island of Luzon, and in the remote
southern island of Samar. Here and
there in more remote sections there
are instances of cattle stealing and
occasionally murder or robbery. We
are dealing very energetically with
the lawless element, and the people,
as a rule, are rebuilding their houses
where they have been destroyed, till-
ing their fields and pursuing their or-
dinary vocations.

"Of course, telegraphic dispatches
generally deal alone in something sen-
sational. I apprehend that if any one
of us were in a foreign country and re-
ceived only news of what was happen-
ing in the United States in police
circles we would get about the same
idea of our own country as many of
the people of the United States seem
to have of this. The fact is that the
progress we have made in the last
year is tremendous, and to me very
encouraging. While I do not look for
the millennium, either here or else-
where, speedily, I see no reason to
doubt that American authority can be
maintained without more troops than
indicated by Governor Taft. Of course,
we must utilize the native in policing
his own country, just as has been done
by England in all her colonies from
the beginning."

APPOINTED BY HANNA.

Committee on Conciliation of the Civic
Federation Named.

New York, March 21.—Senator Mark
Hanna has named the members of the
committee on conciliation of the Civic
Federation, whose appointment was
provided for at the last meeting of the
executive committee. According to
the by-laws the committee was to con-
sist of the officers of the executive
committee, M. A. Hanna chairman,
Samuel Gompers, first vice chairman;
Oscar S. Strauss, second vice chair-
man; Charles A. Moore, treasurer,
and Ralph M. Easley, secretary, and
nine men to be appointed by the chair-
man. His appointments are: Arch-
bishop Ireland, Bishop Potter, Frank-
lin Macveagh, John Mitchell, Frank P.
Sargent, James Duncan, J. Kruttsch-
mitt, William H. Pfahler and Marcus
M. Marks. This committee is to take
up threatened troubles between cap-
italists and workmen with a view
to settling them.

RUSSIAN TROOPS MUTINY.

Soldiers Refuse to Fire on Strikers
and Kill An Officer.

St. Petersburg, March 21.—Details
of the mutiny of Russian troops at
Tula, when the soldiers refused to fire
on the strikers, have been received.
It appears the troops fired blank car-
tridges, but when they were ordered
to fire ball cartridges, the sergeant
refused to obey. The officer com-
manding the soldiers then threatened
to kill the sergeant, whereupon the
troops attacked the officer. The lat-
ter has since succumbed to the bay-
onet wounds they inflicted upon him.

Galveston to Have a Sea Wall.

Galveston, Tex., March 21.—Galves-
ton county has voted an issuance of
\$1,500,000 in bonds with which to build
a sea wall on plans furnished by emi-
nent engineers. With returns nearly
all in but 21 votes were cast against the
bond issue. Over \$1,000,000 worth of
these bonds have been subscribed for
by Galveston people.

To Marry a French Duke.

Paris, March 21.—The newspapers
here announce the engagement of the
Duke of Chaulnes-et-de Picquigny,
brother of the younger Dukes of
Uzes, to a daughter of William Geb-
hard of New York, who has been liv-
ing in Paris for a number of years.

Eczema of Ten Years Standing.

DUBUQUE, IA.
MEDERINE REMEDY CO.,
Gentlemen—In September, 1900, I began
taking MEDERINE for Eczema of ten years'
standing, which had almost disfigured my body.
I took six bottles, and now there is not a spot on
me. It has now been seven months since I quit,
but there is not the slightest evidence of a return
of the disease. I take no opportunity to recom-
mend your MEDERINE for Eczema.
(Signed) J. M. DICKINSON.

MEDERINE acts directly on the
blood, curing skin and blood diseases,
all kinds of catarrh, rheumatism and
gout troubles, when other remedies ut-
terly fail to give relief.
